For the attention of Mr. S.P. Sunilkumar Kochhar

Dear Mr. Kochhar,

**Re: Al Raha Beach Development
Recruiting staff**

Following the recent visit of Jon Ingham and Guy Fowler to India to recruit staff, I have received some positive feedback about the way in which the recruitment process was handled and the way in which candidates had been carefully pre-screened and selected for attendance to the interviews.

I understand that the organisation and hospitality extended by the AMBE representatives in all of the cities visited in India was very good. Overall the visit was a great success with some key individuals having been identified for the project.

I would like to extend my thanks for facilitating a very beneficial and productive recruitment visit where there had clearly been a lot of upfront work carried out to ensure the visit was as effective as possible.

We look forward to continuing our relationship with AMBE on the Al Raha Beach Project and I look forward to meeting with your representatives the next time they visit Abu Dhabi. In the meantime we will now be processing employment offers for those candidates that were identified during the visit.

Yours sincerely,

For ALDAR Laing O' Rourke
